Company:	Middle Fork Energy	Phone:	(435) 828-0835
Date & Time Discovered:	12/19/2022 10:45		

RESPONSIBLE PARTY

Name:	Middle Fork Energy	Phone:	(435) 828-0835
Address:	1401 Wyncoop Street, Denver, CO		

INCIDENT LOCATION

Incident Address:			
Nearest Town:	VERNAL	County:	UINTAH
Highway:		Mile Marker:	
UTM:	(E) 636635 (N) 4449004	Land Ownership:	BLM

INCIDENT SUMMARY

Caller is reporting a driver drove their lay-flat line and ruptured, releasing 200 barrels of produced water. The water ran down the road about 300-yards and into a natural drainage. No surface water was impacted and all has seeped into the ground.

The produced water is said to be a fairly clean mix of fresh water and frac water.

From the NRC Report:

Suspected RP is Justin Birchell, B&B Roustabout Inc., 1081 East 135 South St., Vernal, UT 84078. 435-789-9305

****update DHR****

200 bbl is a estimation (not 300). the hot water melted the snow as it went which made it difficult to estimate,. the line went alongside a road, the truck went off the road and hit the line which put about a 6" tear. The drainage deads out into the desert and the Green River (nearest water body) is about 10-15 miles away. Scott A. is waiting for contact from BLM to come and see and give guidance on cleaning up now, or when the snow melts in the spring.

DESCRIPTION OF INCIDENT

THE CALLER IS REPORTING A RELEASE OF RECYCLED SALT WATER FROM A TEMPORARY PIPELINE ONTO THE GROUND AND INTO A DRY-DITCH. THE CAUSE OF THE INCIDENT WAS DUE TO A PASSENGER TRUCK WITH A 25 FT TRAILER SLID THROUGH THE INTERSECTION AND RAN OVER THE TEMPORARY PIPELINE. THE CALLER STATES THAT THERE WAS AN ISOLATION VALVE WITHIN 200 YARDS OF THE RELEASE, THAT WAS IMMEDIATELY CLOSED.

INCIDENT LOCATION

7925 WONSITS VALLEY RD County: UINTAH
