Company:	Tri-County Health Department	Phone:	(435) 650-7150
Date & Time Discovered:	2/13/2023 13:30		

RESPONSIBLE PARTY

Name:	Ovintiv or Petroglyph	Phone:	
Address:	Additional details in Incident Summary		

INCIDENT LOCATION

Incident Address:			
Nearest Town:	DUCHESNE	County:	DUCHESNE
Highway:		Mile Marker:	
UTM:	(E) 555404 (N) 4444191	Land Ownership:	Private

INCIDENT SUMMARY

A resident has production water from an old well pad bubbling up in their yard. The water contains a small amount of oil resulting in light staining, and has a smell consistent with production water.

Tri-county Health Department has collected a sample and tested for E. Coli to rule out the possibility of home waste water as a source- E. Coli was not detected .

The total volume released is unknown. It has been consistently running since discovery with an estimated flow rate of .5 gallons/minute.

The pad that the home is on was reclaimed from oil and gas activity in 2007. The API number for the site is: 43-013-20045.

It is unclear at this time who the responsible party is as the pad has an extensive purchase history. Likely responsible parties are Finley Oil Company and Ovintive Oil Company.

The reporting party has made the following contacts over the course of their investigation to this point: Property Owner Representative (Name and phone withheld for privacy- contact duty officer for details); Bureau of Land Management (contact unknown); Finley Oil Company (435-724-8260, contact unknown); DEQ DE (435-247-1167, Nathan Hall).
