INCIDENT SUMMARY

Caller is reporting a spill of solid oil field waste from a truck accident. The truck rolled over 3 miles east of Seep Ridge Road on Chipeta Grove Road. The truck has lost some diesel to the soil and the contents of the side dump trailer spilled to the side of the roadway. No waterways are impacted and soil only.

The driver was thrown from the truck and was transported to SLC by helicopter.

The waste material was Oil Field Landfill material that was being transported from Brendon Landfill #2 to Brendon Landfill #2 when the truck rolled. The caller indicates that the waste material is only soil and likely has no known contaminants. They will collect samples to verify. The caller also wants permission to begin cleanup activities. Duty officer recommended they work with the local responders for that approval. The caller stated he works with Doug Taylor for the landfill permit.

Also, approximately 5 gallons of diesel leaked from the fuel tank of the truck, impacting the soils.
