Highway:		Mile Marker:	
UTM:	(E) 598782 (N) 4417140	Land Ownership:	SITLA

INCIDENT SUMMARY

Caller is reporting a release of ethylene glycol. Release details listed below from email report:

Utah Gas Corp has recently acquired the XTO oil and gas asset, near Roosevelt UT and had a release of approximately 100 gallons of 50% Glycol and 50% water mix at the Kings Canyon 11-36D well location on Sept 7, 2020. During normal operations, the Lease Operator found and repaired 2 small glycol leaks on the heat trace lines on site. This well is a pumping unit site producing black wax oil and Heat trace is operated year around. He then found a larger release of an estimated 100 gallons of 50/50 glycol/Water mix, released to soil under the Separator/Dehy unit, within secondary containment. The Well was shut in and available fluid has been recovered. Crew is replacing affected piping and fittings and cleaning up remaining stained soil, today Tuesday 09-08-2020.

The latitude/longitude coordinates for this location are 39.89858 -109.84448.
