Incident Address:	40.234515, -109.391575		
Nearest Town:	JENSEN	County:	UINTAH
Highway:	Redwash Hwy	Mile Marker:	
UTM:	(E) 636825 (N) 4455027	Land Ownership:	BLM

INCIDENT SUMMARY

Caller reported that a road grader operator for Middle Fork Energy Uinta was driving on Redwash Hwy yesterday and noticed liquid with an oily substance in a dry wash off the side of the road at the incident location. Since the incident location was on BLM land, a BLM officer was notified and arrived on the scene. The BLM officer determined the liquid was production water mixed with crude oil, and estimated the amount to be approximately 25-30 barrels. It's suspected that an unknown perpetrator hauling the liquid waste used a hose to empty the liquid from the truck and illegally dumped it into the dry wash. It's not known when the incident occurred, but likely earlier this week after business hours.

The production water and crude oil was contained in the dry wash and ran approximately 250 feet northeast in the wash. Soil was impacted, and it was visually observed that the oil was sitting on top of the soil and not soaked in. No storm drains or surface water bodies were impacted. Caller notified DWQ and UDOGM.

Middle Fork Energy Uinta is arranging for the cleanup company, Diamondback Field Services, to clean up the impacted soils on Monday, March 18. The incident location on the Google map link is approximate.
