INCIDENT SUMMARY

A treated injection water line developed a leak. 30 barrels of treated injection water spilled and traveled off of the right-of-way. Impacts are to soils only.

The land ownership for impacted land was unclear in the system to the reporting party so they notified both BLM and SITLA of the spill and to get permission for remediation activities. Scheduling for clean-up and clean-up is currently taking place.

The reporting party also notified UDOGM (Eden) and the DEQ District Engineer (Nathan Hall).
